

# Assignment 1

## MySQL Client server connection

```
mysql -u root -p # to connect mysql server
```

- Find configuration file

```
C:\ProgramData\MySQL\MySQL Server 8.0\my.ini
```

```
bind-address = 0.0.0.0
```

- Create new user

```
create user 'ritesh'@'%' IDENTIFIED BY 'ritesh'; # Here % defines that ritesh
```

- On other machine try to connect to my database with newly created user

```
GRANT ALL PRIVILEGES ON ritesh.* TO 'ritesh'@'%';
```

```
# on another machine
```

```
mysql -u ritesh -h host_machine_ip -p
```
